- Transportation
- Workforce and Human Capital

## GSA's contract solution for complex professional services requirements

GSA OASIS provides flexibility, speed, and access to a broad scope of work that includes program management, management consulting, cybersecurity, engineering, research, and scientific services, with supporting IT components.

### ICF Approach

ICF is a proven provider of multidisciplinary solutions for complex client challenges through the GSA OASIS contract vehicle. Our scientists, program managers, business analysts, public policy experts, technologists, researchers, and digital strategists bring deep domain expertise, problem-solving capabilities, and a results-driven approach to the entire lifecycle of client programs.

We create highly targeted, effective solutions that combine cutting-edge methodologies and technologies with the deepest domain knowledge anywhere. We bring new ideas to government and help our client organizations work better, increase program impact, and engage with citizens and communities.

### GSA OASIS Benefits—Speed, Flexibility, and Scope

GSA OASIS provides a single federal government-wide acquisition platform to support complex professional services requirements, both commercial and noncommercial, with streamlined task order procurements. Using OASIS speeds agencies from planning to project implementation, enabling customers to concentrate on agency missions rather than acquisition. Contract benefits include:

- Streamlined ordering procedures
- Flexibility in procurement approach and use of ODCs
- Broad, multi-disciplinary scope that can include IT
- Customer agency control of procurement and implementation
- Limited number of pre-approved contractors
- CONUS and OCONUS contracts at any clearance level
- Support for OMB's Best in Class Scorecard goals

## Using the GSA OASIS Contract

**Customers:** OASIS is available to all federal government civilian and defense agencies.

**Ordering Period:** 9/3/2014 – 3/1/2025. Task orders may extend an additional five years.

**Ceiling:** OASIS does not have a contract ceiling.

**Task Order Types:** Time & Materials, Fixed Price, and Cost Reimbursable

**Pools:** OASIS is organized into vendor pools by the primary National America Industry Classification System (NAICS) code. The multidisciplinary scope of OASIS is the same across all pools. The selected NAICS code for each task order determines the appropriate pool of vendors. ICF holds Pools 1 through 4:

**Pool 1**—Consulting, Engineering, Program Management, Scientific, Environmental, Logistics, Human Resources, Marketing, and Other Services.

Contract # **GS00Q14OADU119**

**Pool 2**—Research and Development in Social Sciences; Accounting and Financial Services.

Contract # **GS00Q14OADU209**

**Pool 3**—Engineering for National Energy Policy Act, Military, Aerospace, and Marine and Naval.

Contract # **GS00Q14OADU319**

**Pool 4**—Research and Development in Physical and Life Sciences, Engineering, and Biotechnology.

Contract # **GS00Q14OADU417**

More Information: For information on how to use the contract, delegated procurement authority, and additional details, contact [oasis@gsa.gov](mailto:oasis@gsa.gov) or see [www.gsa.gov/oasis](http://www.gsa.gov/oasis).

### About ICF

ICF (NASDAQ:ICFI) is a global consulting and technology services company with approximately 9,000 employees, but we are not your typical consultants. At ICF, business analysts and policy specialists work together with digital strategists, data scientists and creatives. We combine unmatched industry expertise with cutting-edge engagement capabilities to help organizations solve their most complex challenges. Since 1969, public and private sector clients have worked with ICF to navigate change and shape the future.
